

PROJECTED TWO-YEAR COURSE OFFERINGS
Department of Geosciences, Georgia State University

	Human Geography
	Physical Geography
	Geology/Geochemistry

Course #	Course Title	S16	F16	S17	F17
GEOG 4515	Qualitative Methods				
GEOG 4518	Digital Cartography				
GEOG 4520	Quantitative Spatial Analysis				
GEOG 4530	Intro to Remote Sensing				
GEOG 4532	Intro to GIS				
GEOG 4534	Advanced GIS				
GEOG 4538	Urban Health GIS				
GEOG 4640	Geomorphology				
GEOG 4642	Adv Weather & Climate				
GEOG 4644	Environmental Conservation				
GEOG 4646	Water Resources Management				
GEOG 4648	Biogeography				
GEOG 4650	Applied Hydrology/Surface Water Hydrology				
GEOG 4760	Cultural Geography				
GEOG 4762	Economic Geography				
GEOG 4764	Urban Geography CTW				
GEOG 4768	Metropolitan Atlanta				
GEOG 4774	Contemporary Urban Theory & Issues				
GEOG 4778	Political Geography				
GEOG 4784	Climatic Change CTW				
GEOG 4830	Senior Seminar CTW				
GEO 3002	Intro to Earth Materials				
GEO 4003	Aqueous Geochemistry				
GEO 4005	Geology of Georgia				
GEO 4006	Sed. Environments Strat. CTW				
GEO 4007	Hydrogeology				
GEO 4011	Paleontology				
GEO 4013	Structural Geology				
GEO 4015	Crystallography & Mineralogy				
GEO 4016	Igneous & Metamorphic Petrology				
GEO 4017	Environmental Geology				
GEO 4023	Terrestrial Sediments				
GEO 4030	X-ray Methods				
GEO 4042	Environmental Instrumentations				
GEO 4123	Geoinformatics				
PENDING	Programming in GIS
